

2023/24 - 2025/26

BUSINESS PLAN: OUR LEADERSHIP - KEY PROJECTS

Port Pirie Regional Council has a Community Plan which sets out what Council aims to achieve in the next 5-10 years. Each of the projects in the Business Plan align with at least one of the four themes of the Community Plan.

COURT SPORTS COMPLEX

Council will investigate options for a combined court sports facility with partner sporting groups. A concept design will be created to identify the needs of these sports over the next 10 years.

COMMUNITY PLAN

Update our 2020-25 Community Plan and involve the community through public consultation activities. Identify areas for improvement through community consultations to review Council services and communications.

We will work with Development Associations in our region to review and update town plans.

PARTNERSHIPS

We will continue to develop mutually beneficial partnerships with other Councils in the region for sharing staff resources, the State Government and TLAP in relation to the delivery of the Port Pirie Greening Program and our schools with workforce development and creative expression opportunities.
